CC Docket No. 96-159

Dear Ms. Donch:

Verizon South Inc. and Verizon Virginia Inc. hereby submit this request for a LATA boundary modification to provide Expanded Local Calling Service (ELCS) between the above mentioned exchanges.

This request for expanded local calling continues Verizon's implementation of a condition of the Virginia State Corporation Commission's approval of the Bell Atlantic-GTE merger, ordered on November 29, 1999 in SCC Case No. PUC-1999-00100.

In its order released July 15, 1997¹ ("Order"), the Federal Communications Commission ("Commission") established an ongoing process for requesting LATA boundary modifications to provide ELCS. This request is filed pursuant to the provisions contained in that order. Attached please find the support documentation required by the Commission to approve the requested modification.

Should you have any questions regarding this material, please do not hesitate to contact me on 202-515-2534.

Sincerely,

Attachments

(9) Community of Interest Statement

Allwood is a **very** small **rural** exchange in west central Virginia serving approximately 700 **customers**. It is located in the Lynchburg, Virginia LATA and serves a portion of Amherst County. **The** Raphine exchange is north of and adjacent to **the** Allwood exchange. Raphine **serves** portions of Rockbridge, **Augusta**, and Nelson Counties and is located in the Roanoke LATA. **The** Raphine exchange **serves** approximately 2,400 **customers**. Community of interest is **from** the southern portion of the Raphine exchange to **the** northern portion of the Allwood exchange. **The** Allwood exchange **has** several small communities such as Oronoco, Forks of **Buffalo** and **Allwood** that offer **basic services** to **the** area such as **general** markets. **There are numerous** churches along **the** Allwood and Raphine boundary. **There are** several **lumber** companies, **construction** companies and a Virginia Department of Transportation field **office** in Allwood which offers **some** employment for **the area** including the southern portion of the Raphine exchange. **Due** to the limited highway **infrastructure** in **this** mountainous **area**, ELCS would **provide** much needed local communications **between** families, friends, church congregations and communities along the border between these exchanges.

(10) Maps

Maps **are** attached for **the** Allwood and Raphine exchanges.

(11) Other Pertinent Information

Chronology

On May 28, 1999, Bell Atlantic Corporation and **GTE** Corporation filed a Joint Petition before the Virginia ~~State~~ Corporation Commission ("SCC") for Approval of Agreement and Plan of Merger. In that petition, both companies **agreed**, upon consummation of their merger, to expand local calling ~~areas~~ to include contiguous exchanges both within and between their respective territories in the Commonwealth of Virginia. **The** SCC, in its "Order Approving Petition" dated November 29, 1999, in Case No. PUC990100, found this commitment to be appropriate and ~~ordered~~ Bell Atlantic - Virginia, Inc. and **GTE** South Incorporated to file ~~their~~ plan for expansion of their local calling ~~areas~~. **These** plans were filed with the SCC on July 21, 2000, in a Joint Application to expand local calling (Case No. PUC000204). Both companies have been implementing expanded local calling in phases since that joint application was filed. **On** November 2, 2001 Verizon Virginia (f/k/a Bell Atlantic - Virginia, Inc.) and Verizon South (f/k/a **GTE** South Incorporated) filed an Application to implement expanded local calling between those adjacent exchanges that **are** in different LATA's. For those exchanges whose basic rates increase, the SCC ordered ~~the~~ companies to provide notice to customers via direct mail. Exchanges whose rates did not change did not receive a public notice. **On** May 3, 2002, the SCC **issued** an ~~order~~ approving ELCS for all interLATA **routes** in ~~this~~ application including the route between Allwood and Raphine.

(9) Community of Interest Statement

Arcola is an exchange located in ~~northern~~ Virginia which serves a portion of Loudoun County. It ~~is~~ located in the Virginia ~~portion~~ of the Washington, D.C. LATA and serves approximately 7,400 customers. The Middleburg exchange is located to the southwest of the Arcola exchange and serves portions of Loudoun and Fauquier Counties. The Middleburg exchange is in the Culpeper, Virginia LATA and serves approximately 3,700 customers. Community of interest between the exchanges is primarily shopping, employment, and ~~personal/community~~. The town of Middleburg is the commerce center for the Middleburg exchange. It has a wide range of retail ~~services~~, including restaurants and sites of historical interest. There would be a community of interest from the western portion ~~of the Arcola~~ exchange toward the Town of Middleburg ~~for~~ these services. Middleburg businesses and equestrian related facilities offer employment to the ~~area~~ including the Arcola exchange. The businesses along the state route 50 corridor ~~through~~ the Arcola exchange and the businesses in the Arcola exchange next to Dulles Airport offer employment to the area including Middleburg. Large residential developments such ~~as~~ Brambleton and South Riding offer many jobs for the area related ~~to~~ residential construction. ELCS will enhance local communications between Loudoun County interests in the two exchanges. Personal and community interests will also be enhanced through ELCS between the western portion of the Arcola exchange and the Middleburg exchange.

(10) Maps

Maps are attached for the Arcola and Middleburg exchanges.

(11) Other Pertinent Information

Chronology

On May 28, 1999, Bell Atlantic Corporation and **GTE** Corporation filed a Joint Petition before the Virginia State Corporation Commission ("SCC") for Approval of Agreement and Plan of Merger. In that petition, both companies agreed, upon consummation of their merger, *to* expand local calling **areas** to include contiguous exchanges both within and between their respective territories in the Commonwealth of Virginia. **The** SCC, in its "Order Approving Petition" dated November 29, **1999**, in Case No. PUC990100, found **this** commitment to be appropriate and ordered Bell Atlantic - Virginia, Inc. and GTE South Incorporated to file their plan for expansion of their local calling areas. These plans were filed with the SCC on July 21, 2000, **in** a Joint Application to expand local calling (Case No. PUC000204). **Both** companies have been implementing expanded local calling in phases since that joint application **was** filed. On November 2, 2001 Verizon Virginia (W a Bell Atlantic - Virginia, Inc.) and Verizon South (W a GTE South Incorporated) filed an Application to implement expanded local calling between those adjacent exchanges that **are** in different LATA's. For those exchanges **whose** basic rates increase, **the** SCC **ordered** the companies to provide notice to customers via direct mail. Exchanges whose rates did not change did not receive a public notice. **On** May 3, 2002, the SCC issued **an** order approving ELCS for all interLATA routes in this application including the route between **Arcola** and Middleburg.

(9) Community of Interest Statement

Clover is a rural exchange located in south central Virginia in the Lynchburg, Virginia LATA and serves approximately 2,400 customers. The Clover exchange serves portions of Halifax and Charlotte Counties. The Barnesville exchange serves a portion of Charlotte County and is adjacent to the southeast boundary of the Clover exchange. The Barnesville exchange serves approximately 900 customers and is located in the Richmond LATA. The community of interest is between Charlotte County customers in the Clover exchange and other exchanges, including Barnesville, that serve Charlotte County. Community of interest centers on employment, education and interests related to the local community. The Charlotte County Bacon School District is split between Clover and Barnesville. The elementary school is located in the Barnesville exchange and Clover residents in this district must pay a toll call to reach their elementary school. The Bacon District library and Head Start Center are located in the Barnesville exchange creating local calling issues for those residents in Clover. There are three principal communities in the Barnesville exchange that offer employment to Clover and the surrounding area. They are Wylliesburg, Red Oak and Barnesville. The largest employer is Cardinal Homes which is located in Wylliesburg. Other employers include several lumber and auto supply companies, an excavating company, a fertilizer company and an overhead door company. A large electric power plant operated by Dominion Virginia Power is located in Clover and provides employment to Charlotte County including the Barnesville exchange. ELCS would also provide more economical communications between family, friends, churches and community groups along the border between Clover and Barnesville. As stated above, ELCS would also enhance communications within the Bacon School District and provide local communications between employers and employees located in Barnesville and Clover.

(10) Maps

Maps are attached for the Barnesville and Clover exchanges.

(9) Community of Interest Statement

Big Island is a small **rural** exchange located northwest of Lynchburg, Virginia serving approximately 1,200 customers. The Big Island Exchange is located in the Lynchburg, Virginia LATA and **serves** portions of Amherst and Bedford Counties. The Buchanan exchange is located to the west of and adjacent to the Big Island exchange. **The** Buchanan exchange serves a portion of Botetourt County in the Roanoke, Virginia LATA, and provides service to approximately 2,200 customers. The common boundary between ~~these~~ exchanges is the Jefferson National Forest and the nearby Blue Ridge Parkway. Community of interest is primarily recreational with common **interests** in outdoor activities such **as** hunting, fishing, hiking, **etc.** and associated support for these activities. **Other** common interests would relate to National **Park Service** activities and local calling needs **of** travelers on **the** Blue Ridge Parkway for items such as **fuel**, food and lodging.

(9) Community of Interest Statement

Big Prater is a small rural exchange located in Buchanan County in southwest Virginia with approximately 1600 customers. Big Prater is in the Virginia portion of the Bluefield, West Virginia Independent Marketing Area ("IMA"). The Haysi exchange is to the west of the Big Prater exchange and is in the Roanoke, Virginia LATA. The Haysi exchange is in Dickenson County and serves approximately 1,600 customers. With the exception of very basic services, Big Prater residents must look to nearby areas such as Haysi for their service needs. The Haysi exchange offers medical facilities such as the Haysi Clinic and the Haysi Drug Center. Funeral home services are available for the area from the Haysi Funeral Home. Numerous retail outlets are available including professional services. The Breaks Interstate Park offers recreational facilities for the area including Big Prater. The high level of messages per main station supports the community of interest from Haysi to Big Prater. ELCS will allow Big Prater and Haysi customers expanded personal communications to friends, family as well as to churches and community groups in the two exchanges.

(10) Maps

Maps are attached for the Big Prater and Haysi exchanges.

(11) Other Pertinent Information

Chronology

On May 28, 1999, Bell Atlantic Corporation and GTE Corporation filed a Joint Petition before the Virginia State Corporation Commission ("SCC") for Approval of Agreement and Plan of Merger. In that petition, both companies agreed, upon consummation of their merger, to expand local calling areas to include contiguous exchanges both within and between their respective territories in the Commonwealth of Virginia. The SCC, in its "Order Approving Petition" dated November 29, 1999, in Case No. PUC990100, found this commitment to be appropriate and ordered Bell Atlantic - Virginia, Inc. and GTE South Incorporated to file their plan for expansion of their local calling areas. These plans were filed with the SCC on July 21, 2000, in a Joint Application to expand local calling (Case No. PUC000204). Both companies have been implementing expanded local calling in phases since that joint application was filed. On November 2, 2001 Verizon Virginia (f/k/a Bell Atlantic - Virginia, Inc.) and Verizon South (f/k/a GTE South Incorporated) filed an Application to implement expanded local calling between those adjacent exchanges that are in different LATA's. For those exchanges whose basic rates increase, the SCC ordered the companies to provide notice to customers via direct mail. Exchanges whose rates did not change did not receive a public notice. On May 3, 2002, the SCC issued an order approving ELCS for all interLATA routes in this application including the route between Big Prater and Haysi.
